

# What is GOOOH?

GOOOH stands for 'Get Out of Our House' and is pronounced like the word 'go'. It is a NON-PARTISAN plan to evict the 435 career politicians in the U.S. House of Representatives and replace them with everyday Americans just like you.

If you are tired of career politicians, GOOOH is for you. If you believe money has corrupted Washington, GOOOH is for you. If you believe politicians have too much power, GOOOH is for you. If you are weary of the death grip the two parties have on our government, and are ready to return control of our government to the people, then GOOOH is for you.

GOOOH is NOT just another political party. It is a system that will allow you and your neighbors to choose, among yourselves, the person who can best represent your district.

GOOOH is a new system that will allow "we the people" to select true representatives, not choose between a Democrat and Republican. If we continue to elect career politicians who represent their party and the special interests that fund them, **nothing will change**. GOOOH is a non-partisan process that will allow us to affect the change we all know we need.

GOOOH is a way to select representatives as our founding fathers intended. It allows you to define your platform, discuss topics of importance with your peers, and if selected, to truly represent your district - not lobbyists, special interest groups or a political party. It will allow us to replace career politicians.

If you are tired of career politicians, GOOOH is for you. If you believe money has corrupted Washington, GOOOH is for you. If you believe politicians have too much power, GOOOH is for you.

## How does it work?

The GOOOH process allows Americans of every political leaning to participate in the selection of their District's Representative while being considered themselves. Through GOOOH's Candidate Selection Sessions you and your peers will select the candidate in your district who best represents your district's views. Even if you do not wish to become your district's representative you will want to participate in the process and have a direct say in who is chosen to represent your district. GOOOH will fund a single national campaign to promote the 435 candidates (one from each district) who are selected to run against the party politicians. Because GOOOH is a process for selecting representatives (not an agenda-based party platform) we expect a person left of center to be selected in San Francisco and one right of center in Colorado Springs -- but it will be up to the GOOOH members in each district to decide.

**GOOOH will fund a single national campaign to promote the 435 candidates who are selected to run against the party politicians.**

For GOOOH to succeed we need 500,000 participants. We will continue to build our base of supporters until we have the participation we need, at which time we will begin our effort to have the GOOOH party added to the ballot in the 50 states and to select our 435 nominees. There are many variables involved in reaching this level of support, but we believe it is only a matter of time.

## Why should I join?

- **Your country needs you.**  
If you believe America is the greatest country in the world, but you have concerns about her future, joining GOOOH empowers you to participate in resetting her course.
- **You want representatives to serve based on their own principles, not party affiliation.**  
GOOOH does not have a platform. It allows elected candidates to represent their district's interests. Candidates will define their own platform.
- **You want representatives not influenced by money.**  
Selected candidates will be funded by GOOOH participants, not tainted special interest money.
- **You want representatives free of re-election concerns.**  
GOOOH candidates are required to sign a legal contract agreeing to run for no more than two, two-year terms. When elected, they will spend their time representing their district and developing legislation, not fund-raising (or pandering) for the next election.
- **You want representatives who are accountable and transparent.**  
GOOOH representatives will keep their promises because they will have signed a legal contract promising to resign from office if they vote against one of their responses.
- **You want to directly participate in choosing who gets put on the ballot in your district.**  
GOOOH candidates are selected by their in-district peers based on the merits of their platform.
- **You want to become a U.S. Representative.**  
Just document and commit to how you will vote, pass the Screening Exam, and support the system with a \$100 donation. Your peers will determine if you are the best person to be placed on the ballot in your district
- **You want your children and grandchildren to have better opportunities than you.**  
GOOOH enables you to be a part of the solution.
