Thank you for joining us!

Our presentation will
start shortly.

Are you concerned about. . .

2

- Out of control spending and enormous debt?
- Blatant government corruption?
- Rising unemployment rate?
- Failing education system?
- Ridiculous tax code?
- Illegal immigration?
- Our privacy, liberties and freedoms disappearing?
- Career politicians with their own agendas?

The time has
come to take action!

3

A SIMPLE PLAN EXISTS
HISTORY IS BEING WRITTEN
WILL YOU HELP?

The answer is **GOOOH**?

GOOOH (pronounced **GO**)
stands for **Get Out Of Our House**

It is a real non-partisan plan to evict the career
politicians in the
U.S. House of Representatives
by November 2012
and take our country back!

The problem

90% of us disapprove of the job congress is doing
yet 90% of the incumbents get re-elected

Why does this happen?

Because the process for selecting our
representatives is broken!

The GOOOH plan will . . .

6

1. Sever all ties with special interest money
2. Break the stranglehold the two parties have on our government
3. Fire the career politicians
4. Put accountability back into the system

Consider the Process

7

Candidates must raise, on average, \$1.5 million dollars to get elected

When they do get elected, they become indebted to those who gave them the money

Example: John Murtha (recently deceased) Funneled hundreds of millions of dollars to build an airport in his district, was accused of funneling contracts to his nephew, and had the arrogance to have the airport named after himself. There were three flights a day at the airport.

Consider the Process

8

Candidates must vote the way their party tells them to, or they'll get run out of office

Example: Joe Lieberman

He was the #2 person on the Democratic Party ticket in 2000, but was defeated in his primary in 2004 because he did not vote the way his party told him to on funding the war.

Consider the process

9

Candidates have become more focused on their own political careers than on the people of their districts, who they are to serve

Example: Arlen Specter

He was quoted to say “I am not prepared to have my 29-year record in the United States Congress decided by the Pennsylvania Republican primary electorate”

Consider the process

10

There is absolutely no accountability.
Politicians lie, right to our faces

Contract with America

They claimed they would vote for term limits – but didn't once they were elected

President George Bush, Sr.

“Read my lips, no new taxes” ...
and then raised taxes

President Bill Clinton

“I did not have sex with that woman” ...

Look at the results

11

Our tax system is so corrupt and complicated not even the head of the IRS can figure it out..

Tim Geithner
US Treasury Secretary

British Telegraph, January 2009

“The US senate finance committee has voted for a tax evader to become Treasury secretary.”

New York Post, October 2009

“he omitted as much as \$780,000 in assets in previous filings.”

Charles Rangel
Chairman of Ways and Means Committee
-- investigation pending --

And long tenured incumbents can “forget” to report hundreds of thousands of dollars in assets.

And the list goes on & on &....

12

- We have a debt that is now over \$15 trillion dollars; over \$100 trillion in obligations.
- Our borders leak like a sieve. As many as 10,000 illegal aliens enter our country every day. Ten or twenty million are given benefits that some citizens can't get and many could soon qualify for free health care.
- 30% of our children do not graduate from High School.
- We have no way to pay for the mounting obligations that have been promised such as Social Security and Medicare.

Is anyone listening?

13

They are taking our freedom! America is saying “Enough is Enough!”

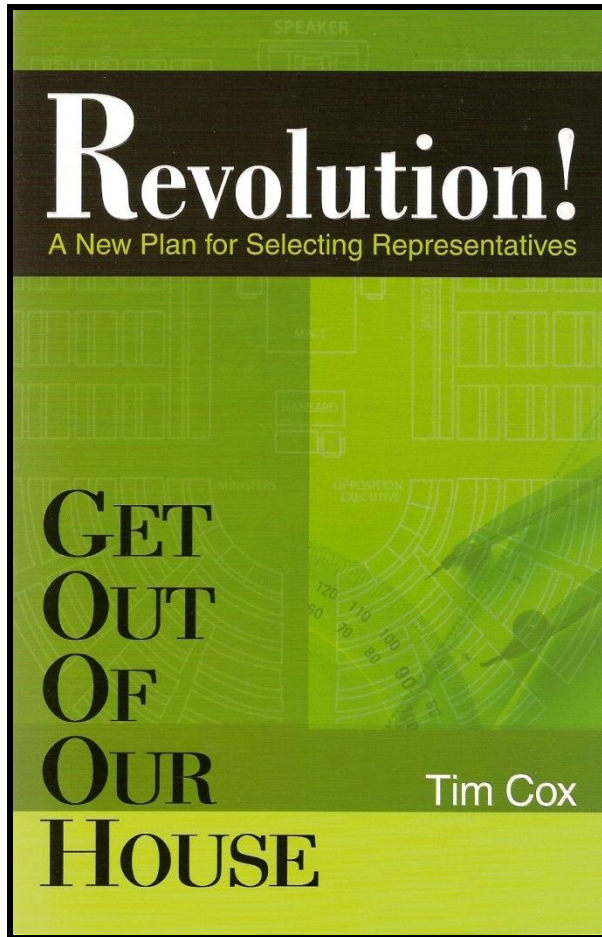

But it doesn't matter to Washington!

What can we do?

14

America needs to join the
GOOOH Revolution

There is hope, but we must **ALL**
take action now - before it's too late!

We can no longer just sit by and
watch while “they” take care of this!

What will it take for these career
politicians to take us seriously?

Vote them out!

What can we do?

15

It's time to show them
we mean business!

All of us, united together
can make a difference!

We must tell the career politicians
November 6, 2012
its time to **GOOOH!**

GET OUT OF OUR HOUSE!

DISCUSS HOW THE PROCESS WORKS

The GOOOH Selection Process

18

- We ask every American to be a **GOOOH** member.
- Members are asked to define their own platform by completing the Candidate Questionnaire and documenting their position on every key issue of the day.
- Members must sign a legally binding agreement that says if they are elected they will vote as they documented - or they must resign.
- We are now selecting candidates in any district where we have a leader willing to lead the effort.
- We request that members donate \$100 to support our chosen candidates.

The GOOOH Process

19

- No money is required at this time. Becoming a member does not obligate you to contribute later.
- We will work to add the non-partisan **GOOOH** candidates to the ballot in each of the 50 states, ideally competing in the primaries against the incumbent.
- Participating members will be randomly sorted into pools of ten within their district.
- The groups will meet approximately two months prior to the filing deadline in their district. They will choose the two best candidates, among themselves, based on answers to the questionnaire, communication skills, personality, business acumen, or whatever those in that pool decide.

The GOOOH Process

20

- We expect a more moderate person to be selected in San Francisco and a more conservative person in North Dallas, but it is ultimately up to the people who participate.
- The two selected candidates will advance, and the next weekend there will be new, but fewer pools of ten.
- The process will repeat until one candidate is selected in the final pool of ten in each district.
- The chosen candidates will be placed on the ballot to compete against the career politicians (ideally in the primary).

The GOOOH Process

21

We will run one national campaign for our candidates that will go something like this:

You can continue to vote for the career politicians like you have always done, and we will get the exact same results...or you can vote for the GOOOH candidate who:

Has documented their views

Has signed a legally binding agreement to vote as they say they would

Has not accepted any special interest money

Is not a career politician

22

**DOING THE SAME THING
OVER AND OVER AGAIN AND
EXPECTING A
DIFFERENT RESULT**

We believe...

23

**90% OF AMERICANS WILL
VOTE FOR THE
GOOOH CANDIDATE**

America is calling!

24

- You need to join the **GOOOH** Revolution.
- Actively engage in the process.
- Even if you do not wish to be elected, participate so that the candidate selected in your district represents your views.
- It is critically important that you encourage your spouse, siblings, parents, voting-age children, peers at work, friends at church, next-door neighbors, and anyone you know who is concerned about the direction of our country to get involved.
- Participation is incredibly easy.

This is YOUR Country!

25

This is YOUR Government!
They work for us, not the other way around.
We can no longer afford to be spectators!
It is time for you to engage!
We must all stand up and step forward!

Tim Cox Quote...

26

“My goal is to restore our country to greatness, and the only way that will happen is if true patriots, people just like you, will step forward and replace the politicians ruining our country. To get normal, everyday citizens elected, we need normal, everyday citizens to be involved in the process.
I am counting on you to participate.”

Tim Cox Quote...

27

To make room for true representatives of the people, we must deliver one short and simple message to the politicians living in Washington:

GET OUT OF OUR HOUSE!
It is time for you to GOOOH!

Do Something Everyday!

The only thing necessary for the
triumph of evil is for good
men to do nothing.

Edmund Burke

This will not work ...

31

If we do nothing...

It's time to turn off the TV
and get up off the couch.

We are all busy. No one really has any extra time.
But we must make time for this.

For our families, for our friends, for our futures!

Do you hear the call American Patriots?!
