- My wife, Darlene, and I have been married for 42 years. Our daughter and son are grown and live in the Austin area. We are active members in our church community in Austin.
- I am an active NRA member and we own a small Piper Tripacer

### My Pledge to you, my employer!

My positions on issues are based on ***kitchen table economics*** and ***common sense***. As you consider offering your support to my candidacy, here is what I pledge to you:

- I will vote to enforce current immigration laws, **NO** more sanctuary cities
- I will search for every opportunity to **REPEAL** Obamacare!
- I will cut staff from 18 to 12 on day one of my first term
- I will hold **3 Town Hall** meetings in each county per year
- I will vote **NO** on any current or future increases in spending bills
- I pledge to vote to reduce foreign aid
- I will not unwisely cut spending on defending America
- I will introduce a zero base budgeting bill/amendment during first term
- I **WILL** voluntarily term limit myself to no more than two terms
- I pledge to work to change the Congressional Retirement System, similar to a 401k, capped at 6 years for reps and 12 years for senators
- I will post on district website the activities of my staff and myself and with whom we meet
- I pledge to petition POTUS to arm US military officers on US military installations
- I pledge to **NEVER** serve as a lobbyist to any federal government agency
- I pledge to vote Pro-Life and against any federal funding of Planned Parenthood
- I pledge to **CUT** spending any where I can since America is going BANKRUPT!

I need your vote to end the career politicians and “the establishment’s voting block” in Washington, D.C. I am a citizen just like you, tired of the same old politics as usual. **Washington is broken!** **America is at a crossroads!** I want to steer America in the right direction and it will start with your support and my leadership, to finally **change the “business as usual” attitude** in Washington, D.C.
